A reliable and bullet-proof “camel of the desert” modified, ready and equipped to take you and the family ‘off-road’ to the best or remotest places and to return safely with the special memories that only ‘getting out there’ can bring you. This safari is in excellent condition, has been modified and properly maintained by Auto-Dynamics SHJ, (0507477747) has been regularly and sensibly used in the deserts and wadis of Oman and the UAE, and is sold complete with all that my family needed to explore the region in comfort and safety, and is now ready for you to do the same...
